SKU: 12041

7 x 8 Hexagon Matte Porcelain Tile in Iron

The surface of our Juliet 7 x 8 Hexagon Matte Porcelain Tile in Iron captures the natural complexity of clay-rich earth, with its black and deep gray tones that subtly shift from tile to tile. Matte and mineral-like to the touch, each geometric piece feels both modern and thoughtfully imperfect, echoing the raw textures of stone worn by time. A randomized delicate sheen is also introduced to create fleeting, luminous accents, adding an unexpected visual dimension to its organic design. Why You'll Love This Tile: Authentic stone look with high shade variation in a Hexagon format About 27% of the tiles in each box feature a slight reflective quality Can withstand the wear and tear of residential and commercial spaces Versatile enough for use anywhere from walls to floors & kitchens to bathrooms Expertly crafted in Spain, ensuring premium quality

Characteristics

Length	8 in
Width	7 in
